A Subtle Marble effect

The marble Terra, manufactured by Classic Marble Company (CMC) is smooth in texture and seamless in installation. It has a grainy surface pattern which form a subtle wall background for any articulated landscape, antiques or furniture. Terra is scratch resistant. Inspired by Italian lineage, this marble is available on standard dimensions of 304 X 125 cm and thickness of 12 mm, 16 mm and 18 mm. It has been developed for residential and commercial spaces.
